Mineral Block

Macro Minerals and Trace Minerals for Optimum Production, Health and Fertility

MegaMin Mineral Block is made with the same premium minerals as MegaMin Mineral Blend and is formulated as a weather resistant Lick Block option for all livestock as a year round supplement.

MegaMin Mineral Block provides the benefits of a broad spectrum macro and trace mineral supplement that is safe for all livestock. Minerals are essential for growth, health and fertility and because dry feed and even green fodder is often lacking in minerals, clinical or sub-clinical mineral deficiencies can restrict livestock performance. Providing adequate minerals year round can provide real improvement in stock performance and profitability.

MegaMin Mineral Block is particularly beneficial for breeders, weaners, maiden heifers and ewes. MegaMin Mineral Block is also available as a Loose Supplement.

Benefits

- ▶ Safe year-round supplementation (No Urea)
- ▶ Scientifically proven in university trials
- ▶ Suitable for all livestock - health and fertility

Feeding Guide

Recommended daily intake is 10-20g/100kg body weight/day.

| | FEED RATE (g/day) | HEAD PER BLOCK | |
|----------------|----------------------|----------------|------|
| | | 17kg | 75kg |
| Cattle (400kg) | 40-80 | 15 | 45 |
| Sheep (50kg) | 5-10 | 40 | 100 |
| Horses | 30-80 | 15 | 45 |

Initial consumption rates may be higher due to salt or mineral cravings.
