

Mega Min

USDA/NOP Extra Sulphur Blends

High Sulphur Mineral Supplement Support Increased Production and Assist Parasite Control in Organic Farming Systems

MegaMin USDA/NOP Extra Sulphur Blends are carefully formulated to provide natural broad spectrum macro and trace minerals, plus additional sulphur to assist rumen health, parasite control and wool growth. MegaMin USDA/NOP Extra Sulphur Blends provide good levels of phosphorus and magnesium, which can be the two most limiting nutrients for stock grazing lush green pasture. These products are ideal for stock grazing forage sorghum as sulphur helps detoxify prussic acid.

MegaMin USDA/NOP Extra Sulphur + 10% Protein Meal is formulated with additional protein to assist palatability and intake where consumption is less than desired.

Attributes

- ▶ Compliant with United States Department of Agriculture (USDA) National Organic Program (NOP) and domestic organic standards.
- ▶ Ideal for stock grazing forage sorghum, lush green feed, mulga or sulphur-deficient country.
- ▶ Contains a high level of sulphur to help detoxify prussic acid.
- ▶ Supplies key nutrients to support increased meat/wool and milk production.
- ▶ Sulphur can assist external parasite control, such as buffalo fly, lice and cattle ticks.

Feeding Guide: Pasture/Dry Feed

Recommended daily intake is 10-20g/100kg body weight/day.

	FEED RATE (g/day)
Cattle	40-100
Sheep/Goats	5-10
Horses	30-80

Initial consumption rates may be higher due to salt or mineral cravings. For more information contact AgSolutions Australia.

Suitable For

Year-round supplementation	✓
Cattle, sheep/goats, horses and other livestock	✓
Assisting external parasite control	✓
Stock grazing forage sorghum, lush green feed or mulga	✓
Certified organic production systems	✓
