

# Mega Min

50% Protein Meal

High Protein Mineral Supplement with Palatable Protected Protein Meal for Winter, Dry Feed and Drought Conditions

MegaMin 50% Protein Meal provides natural broad spectrum macro and trace minerals with protected protein meal to promote greater rumen function for extended periods, allowing stock to make the most of dry standing pasture and stubble. MegaMin 50% Protein Meal can be used as a safe year-round palatable supplement for cattle, sheep and horses, and is particularly beneficial for weaners.

- ▶ Provides protected protein meal for extended grazing.
- ▶ Stimulates appetite to help optimise dry feed intake.
- ▶ Ideal for weaners and stock grazing dry or frosted pastures during winter and drought conditions.
- ▶ Can assist in improving growth of young cattle and maiden heifers.
- ▶ Safe year-round supplementation (no urea).

## Feeding Guide

Recommended daily intake is 40-80g/100kg body weight/day.

### FEED RATE (g/day)

Cattle	200-400
Sheep/Goats	20-40
Horses	100-200

Initial consumption rates may be higher due to salt or mineral cravings. For more information contact AgSolutions Australia.

### Suitable For

Year-round supplementation	✓
Cattle, sheep/goats, horses and other livestock	✓
Assisting growth of young cattle and maiden heifers	✓
Crop stubble/straw	✓
Winter, dry feed or drought conditions	✓
