

Mega Min

Equine Enhancer

Premium Triple Action Vitamin and Mineral Supplement for All Types of Horses

Formulated in partnership with one of Australia's leading equine nutritionists, MegaMin Equine Enhancer combines broad spectrum macro and trace minerals with carefully selected premium ingredients to deliver essential nutrients required by all types of horses and ponies with diets consisting largely of pasture or hay. MegaMin Equine Enhancer has been developed to promote overall health while actively supporting hoof quality, coat condition, and gut function.

- ▶ Scientifically balanced vitamins and minerals.
- ▶ Fortified with biotin, organic zinc and methionine to assist skin and coat condition and promote healthy hoof growth.
- ▶ Prebiotic to help support a healthy hindgut and efficient digestion.
- ▶ Contains AgSolutions' unique blend of natural minerals to provide a broad range of additional nutrients, including silicon, boron, and chromium.
- ▶ Helps keep your horse healthy on the inside and brilliantly shiny on the outside.

Feeding Guide

Average feeding rate -

Horses: 100g/day

Ponies: 50g/day

	Average Bodyweight		
	400kg	500kg	600kg
Not in work	45	55	65
Light work	60	70	80
Moderate work	80	100	120
Pregnant Mares (first 8 months)	60	70	80
Pregnant Mares (last 3 months)	80	100	120
Lactating Mares	60	80	100
Aged Horses	60	70	80

	Expected Mature Weight		
	400kg	500kg	600kg
Weanlings, Yearlings, and 2YOs	45	55	65

Feeding rates are in g/day.

Directions: Mix well into feed and dampen. Ensure that an adequate supply of fresh, clean drinking water and free choice plain salt are available at all times. Introduce into your horse's diet slowly over 7 to 10 days.

Available in 2.8kg Pouches, 10kg/20kg Buckets and 20kg Bags.
