Graze & Grow

3%  
UREA

Balanced Protein Mineral Supplement with 3% Urea, Protected Protein Meal, Vitamins and Rumensin™

MegaMin Graze & Grow 3% Urea is a medicated supplement that provides broad spectrum macro and trace minerals, plus protected protein meal, vitamins and Rumensin™. Ideal for cattle and sheep grazing dry pasture during winter and drought conditions, MegaMin Graze & Grow 3% Urea can also be used as a year-round production supplement for young stock.

- ▶ Provides 3% urea and protected protein meal for extended grazing.
- ▶ Stimulates appetite to optimise dry feed intake.
- ▶ Contains Rumensin™ for improved weight gain and feed conversion efficiency.
- ▶ Supplies essential broad spectrum macro and trace minerals, plus key vitamins.
- ▶ Ideal for young cattle and sheep.
- ▶ Available without Rumensin™ upon request.

## Feeding Guide

Recommended daily intake is 30-60g/100kg body weight/day.

### FEED RATE (g/day)

Cattle	150-300
Sheep	15-30

Consumption rates may vary depending on seasonal conditions, pasture availability and condition of livestock, as well as salt requirements. Use higher recommended feed rate during peak demand. Ensure livestock have access to sufficient dry feed and clean drinking water at all times. For more information contact AgSolutions on 1800 81 57 57.

**WARNING:** This product is for cattle only. Equines must not be allowed access to feeds containing Rumensin™ or urea as ingestion may be fatal. This product contains urea which may be harmful or even fatal if excessive amounts are consumed too quickly. Do not feed to starving, thirsty or salt-deficient livestock. Keep the product dry and feed in open/well-drained troughs, preferably covered.

### Suitable For

Production of young cattle and sheep	✓
Crop stubble/straw	✓
Winter/dry feed or drought conditions	✓

TYPICAL ANALYSIS (DMB)	Graze & Grow 3% Urea
Calcium (Ca)	3.5%
