

# Mega Min

Graze & Grow

6%  
PHOS

Balanced Protein Mineral Supplement with 6% Phosphorus, Urea, Protected Protein Meal, Vitamins and Rumensin™

MegaMin Graze & Grow 6% Phos is a medicated supplement that provides broad spectrum macro and trace minerals, plus protected protein meal, vitamins, urea and Rumensin™. MegaMin Graze & Grow 6% Phos supplies a high level of phosphorus which is essential for energy metabolism, appetite, efficiency of feed utilisation, bone growth, lactation, and fertility, and is ideal for cattle grazing phosphorus-deficient dry pasture during winter and drought conditions.

- ▶ Provides 6% phosphorus, 6% urea and protected protein meal for extended grazing.
- ▶ Stimulates appetite to help optimise dry feed intake.
- ▶ Contains Rumensin™ for improved weight gain and feed conversion efficiency.
- ▶ Supplies essential broad spectrum macro and trace minerals, plus key vitamins.
- ▶ Ideal for stock grazing phosphorus-deficient country.
- ▶ Phosphorus can assist growth, milk production and fertility.
- ▶ Phosphorus is vital for energy production (dry and green feed).
- ▶ Available without Rumensin™ upon request.

## Feeding Guide

Recommended daily intake is 30-60g/100kg body weight/day.

FEED RATE  
(g/day)

Cattle

150-300

Consumption rates may vary depending on seasonal conditions, pasture availability and condition of livestock, as well as salt requirements. Use higher recommended feed rate during peak demand. Ensure livestock have access to sufficient dry feed and clean drinking water at all times. For more information contact AgSolutions on 1800 81 57 57.

**WARNING:** This product is for cattle only. Equines must not be allowed access to feeds containing Rumensin™ or urea as ingestion may be fatal. This product contains urea which may be harmful or even fatal if excessive amounts are consumed too quickly. Do not feed to starving, thirsty or salt-deficient livestock. Keep the product dry and feed in open/well-drained troughs, preferably covered.

## Suitable For

- |   |   |
|---|---|
| Assisting fertility and production of young cattle                  | ✓ |
| Crop stubble/straw  | ✓ |
| Winter/dry feed, drought conditions or phosphorus-deficient country | ✓ |

| TYPICAL ANALYSIS (DMB)   | Graze & Grow 6% Phos |
|--------------------------|----------------------|
| Calcium (Ca)             | 10.3%                |
| Phosphorus (P)           | 6.1%                 |
