

Mega Min

Pre/Post Lambing & Calving + Bovatec®

Medicated Mineral Supplement with Magnesium and Calcium to Support Flock Health, Fertility and Productivity

MegaMin Pre/Post Lambing & Calving + Bovatec® is a balanced medicated supplement that provides broad spectrum macro and trace minerals with additional magnesium and calcium, plus the added benefits of Bovatec®. MegaMin Pre/Post Lambing & Calving + Bovatec® supports flock health, fertility and productivity and assists feed conversion efficiency and daily weight gains, making it the ideal choice for your flock.

6% SALT

MegaMin Pre/Post Lambing & Calving + Bovatec® with 6% Salt is also available to accommodate varying conditions, water and soil types.

- ▶ Ideal for pre/post lambing and calving, before joining or when weaning.
- ▶ Supplies vital macro and trace minerals to help meet requirements during crucial and high stress periods.
- ▶ May be fed with grain or pellets when additional energy is required.
- ▶ Bovatec® promotes beneficial rumen bacteria for better rumen function, helping to improve feed conversion efficiency and daily weight gains.

Feeding Guide

Recommended daily intake is 10-20g/100kg body weight/day.

FEED RATE
(g/day)

	FEED RATE (g/day)
Sheep	10-15
Cattle	100-150

Initial consumption rates may be higher due to salt or mineral cravings. For more information contact AgSolutions Australia.

WARNING: This product is for cattle and sheep only. Equines must not be allowed access to feeds containing Bovatec® as ingestion may be fatal.
